

The New Jersey Chapter of the American Society of Landscape Architects is pleased to present the 2019 Professional Awards. The awards program is intended to help broaden the boundaries of our profession; increase the public awareness of the role of landscape architects; raise the standards of our discipline; and bring recognition to organizations and individuals who demonstrate superior skill in the practice and study of landscape architecture.

The Pennsylvania/Delaware Chapter juried 25 submissions and selected 11 winners in 6 categories this past fall. The winners will be featured in upcoming newsletters, on our website and other events which promote our profession throughout the state during the course of the year.

Thank you for attending this year's presentation and to all those that made this year's awards program another successful event! As always, we strongly encourage you to consider submitting your work for next year's program and welcome any comments or suggestions for another successful event in 2020.

**Anne Marie Harrington, LLA, ASLA**
